

The school district boundaries displayed on this map were created as a result of a boundary review conducted prior to the March and April 2004. The Michigan Department of Education (MDE), the Michigan Center for Geographic Information (MCGI), and the U.S. Census Bureau, in cooperation with each school district and intermediate school district (ISD) in Michigan, participated in the review. Boundary changes by the districts were voluntary and all the school districts had opted in or out of the review.

Information provided is accurate to the best of our knowledge and is subject to change as a regular basis, without notice. While MCGI makes every effort to ensure the information is as accurate as possible, we do not warrant the information to be authoritative, complete, correct, or timely. Information is provided for informational purposes only. The State of Michigan does not assume any liability, loss, or damage resulting from the use and application of any of the contents of this map.

Please feel free to contact MCGI with questions regarding the boundary mapping process. However, it should be known that school districts and ISDs are the official authorities regarding school district boundaries. If you believe that there may be an error in a boundary, please contact the affected school district and ISD for clarification and possible resolution. MCGI will welcome the opportunity to incorporate authorized boundary changes into our map information when received.
